

x3 table

Write the answers to the **x3** table here.

$$\begin{array}{l} 1 \times 3 = \square \\ 2 \times 3 = \square \\ 3 \times 3 = \square \\ 4 \times 3 = \square \\ 5 \times 3 = \square \\ 6 \times 3 = \square \\ 7 \times 3 = \square \\ 8 \times 3 = \square \\ 9 \times 3 = \square \\ 10 \times 3 = \square \end{array}$$

Look at this number grid.
Colour all the answers to
the **x3** table purple.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30

These are the numbers in the **x3** table. They are the **multiples of 3**.

Can you see a pattern on the number grid?

Colour the **x3** numbers
purple again.
Keep **counting on in 3s**
until you reach **60**.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60

Does the pattern change
or stay the same?
