## Progress chart

Tick each statement as you complete the learning objectives.

| Number and place value | Pages |  |
| :--- | :--- | :--- |
| I can identify and use number sequences. | $4-5$ |  |
| I can use place value to identify the value of numbers to 1000000, read <br> Roman numerals to 1000 and convert them to digits. | $6-7$ |  |
| I can round numbers to the nearest 10,100,1000,10000 and 100000. | $8-9$ |  |
| I can count using negative whole numbers including through zero. | $10-11$ |  |

| Calculation | Pages |  |
| :--- | :--- | :--- |
| I can add and subtract numbers with more than four digits using a <br> written method. | $12-13$ |  |
| I can use estimation, rounding and inverse operations to check calculations. | $14-15$ |  |
| I can use mental calculation to add and subtract numbers. | $16-17$ |  |
| I can solve addition and subtraction word problems. | $18-19$ |  |
| I understand multiples, factors, squared numbers and cubed numbers. | $20-21$ |  |
| I understand what prime and composite numbers are. | $22-23$ |  |
| I can multiply numbers with more than four digits using a written method. | $24-25$ |  |
| I can divide numbers with more than four digits using a written method. | $26-27$ |  |
| I can use metal calculation to multiply and divide numbers. | $28-29$ |  |
| I can use multiplication and division to answer word problems. | $30-31$ |  |
| I can use all four operations to answer word problems. | $32-33$ |  |

| Fractions, decimals and percentages | Pages |  |
| :--- | :--- | :--- |
| I can recognise and convert improper fractions and mixed numbers. | $34-35$ |  |
| I can identify and write equivalent fractions. | $36-37$ |  |
| I can compare and order fractions. | $38-39$ |  |
| I can add and subtract fractions. | $40-41$ |  |
| I can multiply fractions. | $42-43$ | $44-45$ |
| I can write decimals as fractions and fractions as decimals. | $46-47$ |  |
| I can round decimals with two decimal places to the nearest whole number <br> and to one decimal place. | $48-49$ |  |
| I can compare and order numbers with up to three decimal places. |  |  |

## Progress chart

| I know what percentage means and can convert fractions and decimals <br> to percentages. | $50-51$ |  |
| :--- | :--- | :--- |
| I can use fractions, decimals and percentages to answer word problems. | $52-53$ |  |

| Measurement | Pages |  |
| :--- | :--- | :--- |
| I can solve problems by converting different units of time. | $54-55$ |  |
| I can solve problems by converting metric units of measurement. | $56-57$ |  |
| I can solve problems by converting between metric and imperial units <br> of measurement. | $58-59$ |  |
| I can calculate and compare the perimeter of rectangles, squares and <br> composite rectilinear shapes using centimetres and metres. | $60-61$ |  |
| I can calculate the area of rectangles and squares and estimate the area of <br> irregular shapes. | $62-63$ |  |
| I can calculate volume and capacity. | $64-65$ | $66-67$ |
| I can solve problems using different units of money. | $68-69$ |  |
| I can solve problems using different units of measurement. |  |  |

| Geometry | Pages |  |
| :--- | :---: | :---: |
| I can name and identify a variety of 2D shapes. | $70-71$ |  |
| I can name and identify a variety of 3D shapes. | $72-73$ |  |
| I can estimate, measure, draw and compare angles. | $74-75$ |  |
| I can describe and represent the position of a shape after reflection. | $76-77$ |  |
| I can describe and represent the position of a shape after translation. | $78-79$ |  |

| Statistics | Pages |  |
| :--- | :--- | :--- |
| I can complete, read and interpret information in tables. | $80-81$ |  |
| I can read and interpret information in timetables. | $82-83$ |  |
| I can solve problems using a line graph with one line of data. | $84-85$ |  |
| I can solve problems using a line graph with more than one line of data. | $86-87$ |  |
