

Contents

- 4 Continuing a pattern; addition; addition of money; recognition of hexagons; ordering numbers.
- 5 Subtraction; counting on; telling the time ($\frac{1}{4}$ to); adding ten; word problems.
- 6 Ordering the months of the year; addition and subtraction; finding the largest number; recognition of cylinders.
- 7 **Progress Test A**
- 8 Finding 10 less; finding the smallest number; drawing pointers on clocks ($\frac{1}{4}$ to); missing number additions; finding change.
- 9 Using coins to make 50p; addition; recognition of octagons; ordering numbers past 80; drawing pointers on clocks (an hour later).
- 10 Counting on; addition; doubling; place value; addition vocabulary.
- 11 **Progress Test B**
- 12 Addition of two-digit numbers; telling the time (minutes past); shopping; recognition of pyramids; continuing a pattern.
- 13 Addition to make 50; shopping bills; drawing pointers on clocks (an hour earlier); 20 less than; continuing a pattern.
- 14 Counting in 10s; multiplying by 10; missing number addition; finding the number between; interpreting a block graph.
- 15 **Progress Test C**
- 16 Shading $\frac{3}{4}$; two-digit addition; place value; recognition of spheres; dividing by 10.
- 17 Addition; telling the time (minutes past); naming 3D shapes; place value; even numbers.
- 18 Estimation of length; shopping; subtraction; drawing hands on clocks; one less and one more.
- 19 **Progress Test D**
- 20 Addition problems; counting in 5s; interpreting a block graph; subtraction; 10 more than.
- 21 Missing number addition; using coins; telling the time (minutes to); 10 less than; ordering numbers.
- 22 Place value; counting in 5s; shopping bills; addition and subtraction; word problems.
- 23 **Progress Test E**
- 24 Shopping; multiplication by 5; addition and subtraction puzzles; rounding to the nearest 10; recognition of right angles.
- 25 Doubling; odds and evens; addition and subtraction puzzles; choosing symbols; putting numbers in descending order.
- 26 Recognition of pentagons; shopping and change; digital clock; halving numbers; addition vocabulary.
- 27 **Progress Test F**
- 28 Odd numbers; solid shapes; inverse addition; lines of symmetry; recognition of place value.
- 29 Even numbers; addition vocabulary; coins to make a £; addition and subtraction; recognition of curved edges.
- 30 Multiplication by 2; subtraction vocabulary; buying in twos; properties of 3D shapes; addition to 100.
- 31 Puzzle revision page.
