

Mental Maths Book 1

written by Anne Forster and Paul Martin

MENTAL MATHS is a series of two workbooks.

Book One 978 072 17 0962 8

Book Two 978 072 17 0963 5

Notes for the teacher

The purpose of this series of books is to encourage and develop mental agility in Mathematics at Key Stage I. Each book contains a series of structured exercises to carefully build children's confidence in their mathematical knowledge, interspersed with short progress tests. Each page provides a variety of tasks taken from different areas of the mathematics curriculum at Key Stage I. A wide range of vocabulary is used to introduce children to the variety of ways in which questions can be asked.

This book includes questions in the following areas:

Number bonds, ordinal numbers, time, number sequences, fractions, money and shapes.
