

Contents

Section 1

Session 1 4–5

Reading and writing numerals to 100
Putting numbers onto a number track or line
Comparing and ordering numbers

Session 2 6–7

Writing 1/10 more/less numbers
Adding by counting on
Subtraction as difference

Session 3 8–9

Subtraction as difference
Subtraction of a one-digit from a two-digit number
Totals of 10

Session 4 10–11

Addition and subtraction to 5
Doubles of all numbers to 10
Subtraction as difference

Session 5 12–13

Symmetry
Sorting onto simple sorting diagrams
Subtraction of a one-digit from a two-digit number

Check-up 1 14–15

Comparing and ordering numbers
Writing 1/10 more/less numbers
Addition and subtraction
Totals of 10
Doubles to 10
Symmetry
Simple sorting diagrams

Section 2

Session 1 16–17

Measuring length
Doubles of numbers to 10
Addition and subtraction

Session 2 18–19

Counting in 1s, 2s, 5s and 10s
Combining groups of 2, 5 or 10
Sharing into equal groups

Session 3 20–21

Telling the time to the hour and half hour
Addition and subtraction
Subtraction of a one-digit from a two-digit number

Session 4 22–23

Position, direction and movement
Addition and subtraction
Subtraction of a one-digit from a two-digit number

Session 5 24–25

Halves and quarters
Position, direction and movement
Addition and subtraction

Session 6 26–27

Combining groups of 2, 5 or 10
Sharing into equal groups
Addition and subtraction

Check-up 2 28–29

Addition and subtraction
Ordering numbers
Sharing into equal groups
Halves and quarters
Telling the time to the hour and half hour
Turning

Check-up 3 Number 30–31

Number order, Addition/subtraction, Sharing into equal groups, Halves and quarters

Check-up 4 Measurement and Geometry 32–34

Length, Telling the time to the hour and half hour, Turning, Symmetry, Halves and quarters, Shape

Check-up 4 Answers 35–37

Group Record Sheets 38–39
