Step 1	Two-digit subtraction no exchange	4
Step 2	Three-digit subtraction no exchange	6
Step 3	Three-digit subtraction exchanging 1 ten for 10 units	8
Step 4	Three-digit subtraction exchanging 1 hundred for 10 tens	10
Step 5	Three-digit subtraction exchanging once	12
Check-up test 1	Two- and three-digit subtraction, including one exchange	14
Step 6	Four-digit subtraction exchanging 1 thousand for 10 hundreds	16
Step 7	Four-digit subtraction exchanging a ten and a thousand	18
Step 8	Three-digit subtraction exchanging twice, adjacent digits	20
Step 9	Four-digit subtraction exchanging twice, adjacent digits	22
Step 10	Four-digit subtraction with a zero in the column to be exchanged from	24
Check-up test 2	Three- and four-digit subtraction, with up to two exchanges and a zero	26
Step 11	Five-digit subtraction exchanging twice, non-adjacent digits	28
Step 12	Five-digit subtraction exchanging twice, adjacent digits	30
Step 13	Five-digit subtraction with a zero in the column to be exchanged from	32
Step 14	Five-digit subtraction exchanging three or four times	34
Step 15	Five-digit subtraction with zeros in the columns to be exchanged from	36
Check-up test 3	Five-digit subtraction, with several exchanges and zeros	38
Step 16	Large number subtraction	40
Step 17	Decimal subtraction two decimal places	42
Step 18	Decimal subtraction different numbers of decimal places	44
Final test	Subtraction of whole numbers and decimals	46
