Step 1	Three-digit \div one-digit short division revision	4
Step 2	Five-digit \div one-digit short division with remainders revision	6
Step 3	Two-digit \div one-digit long division	8
Step 4	Three-digit \div one-digit long division	10
Step 5	Four-digit \div one-digit long division	12
Step 6	Four-digit \div one-digit long division, answers with zeros	14
Check-up test 1	Three-, four- and five-digit \div one-digit	16
Step 7	Three-digit \div 11 long division, no zeros in answers	18
Step 8	Four-digit \div 11 long division, with zeros in answers	20
Step 9	Four-digit \div 12 long division	22
Step 10	Four-digit \div 13 long division	24
Check-up test 2	Three- and four-digit \div 11, 12 or 13	26
Step 11	Four-digit \div 14, 15 or 16 long division	28
Step 12	Four-digit \div 17, 18 or 19 long division, where the first two digits are smaller than the divisor	30
Step 13	Four-digit \div a number between 11 and 19 long division	32
Step 14	Four-digit \div a number between 11 and 19 long division, with fraction remainders	34
Check-up test 3	Four-digit \div a number between 11 and 19, including fraction remainders	36
Step 15	Four-digit \div a number in the 20s long division	38
Step 16	Four-digit \div two-digit long division	40
Step 17	Three-digit \div two-digit long division, decimal answers 1 dp	42
Step 18	Three-digit \div two-digit long division, decimal answers 2 dp	44
Final test	Three- and four-digit \div two-digit, including decimal answers	46
