

Size of short letters

These letters are short letters. They are all the same size. The short letter line shows the height of these letters.

Most short letters start at the short letter line. The letter **e** starts lower but it curves up to the short letter line.

r n m i u v w x z c o a s e

Try it

- 1 Trace each short letter. Then write two of your own. Keep all your letters the same size.

r n m

c o a

i u x

v z w

- 2 Trace and continue the pattern.
