

# Punctuation focus

Full stops, exclamation marks and question marks are used to complete sentences. The dot always sits on the baseline straight after the last word.

Exclamation marks and question marks are the same height as tall letters and capital letters.

How do you feel? I feel great!

## Try it

- 1 Copy each punctuation mark 10 times. Keep all your punctuation marks the same size.

!

?

- 2 Trace and continue the patterns. Make sure your dot always sits on the line.
