

The diagonal join to i and u

The letters **i** and **u** also start at the short letter line. Take the join up from the baseline to the start of the letter **i** or **u**. Then come back down to form the letter.

Make sure both joined letters are the correct height.

li lu

Try it

Trace the joined letters with your pencil. Then write some of your own.

li li

lu lu

ti ti

hi hi
