

Welcome to this book

The **WriteWell** series will help you to develop good handwriting habits. As you work through the series, you will learn how to improve your handwriting and develop your own style.

This is **Book 8**. Now that you have learnt to join lots of letters in **Books 6** and **7**, you are ready to tackle some more challenging joins. This book will give you lots of practice to help you join all your everyday writing with confidence.

Tricky joins

You will start by learning the last remaining joins, including the join from **r**, the join to **s** and the joins to and from **f**. You will also look at joining difficult double letters and letter strings.

Joining from **r** to straight letters

Joining from **r** to round letters

Then you will practise writing with break letters, which were introduced in **Book 7**.

Writing with the break letters **x** and **z**

Finally, you will learn to join longer words and sentences, including compound words and words with prefixes and suffixes.

Checking your work

When you finish a unit, look back at your work. Do your joins look like the example? Circle your best join and then choose one to improve.

Before you start

Check that your body is in the correct position for writing. Ask an adult to help you.
