

Rounded v and w

Letter shapes can be wide and rounded or narrow and oval, but they should always be consistent.

Some people choose to write the letters **v** and **w** with a more rounded shape. If you prefer this style, make sure your letters are legible. Check that your rounded **v** does not look like a **u**.

rounded: *v w* not rounded: **V W**

Try it

- 1 Copy and continue the letter patterns using a rounded **v** and **w**.

vvvvv _____

wwwww _____

vovovo _____

wowowo _____

vavava _____

wawawa _____

- 2 Copy each word twice with and twice without a rounded **v** and **w**. Find your preferred style of letter shape.
