My Letters and Sounds overview

Schofield & Sims My Letters and Sounds is a comprehensive, fully supported programme that enables teachers to deliver systematic, synthetic phonics instruction throughout Reception and Year 1. The programme supports teachers to ensure that most children meet or exceed the expectations for word reading as set out in the 'Early Learning Goals' section of the statutory framework for the Early Years Foundation Stage (EYFS) and the National Curriculum for Year 1, as well as the expected standard in the Phonics Screening Check at the end of Year 1.

The series builds on the Department for Education's *Letters and Sounds* progression to provide a complete programme that includes comprehensive teaching guidance, daily lesson plans and a substantial range of ready-to-use photocopiable and digital resources. Durable, physical versions of the core resources needed to teach the programme are also available in a handy **Classroom Kit**. Eight **Phonics Practice Pupil Books** help to reinforce children's understanding after each new learning point or can be used to provide additional practice and support, while over a hundred fully decodable **Phonics Readers** allow them to practise reading real texts that are perfectly matched to their current level of phonics knowledge. Guidance and materials are provided to facilitate effective assessment throughout the programme and strategies are suggested for supporting children who are at risk of falling behind.

Training

To help ease the transition to **My Letters and Sounds** and support the effective delivery of the programme in your school, we offer flexible training packages, including half-day, twilight and remote training sessions, all delivered by an experienced phonics expert. Contact our Customer Services team on 01484 607080 for more information.
