

Position

Remember

There are lots of different words that describe the position or place that something is in. For example: 'below', 'under', 'next to', 'above' and 'on top of'. Ordinal numbers can also be used to describe position or order. For example: 'first', 'second' and 'third'. Always count from the first picture on the left of the sequence to find a picture's position.

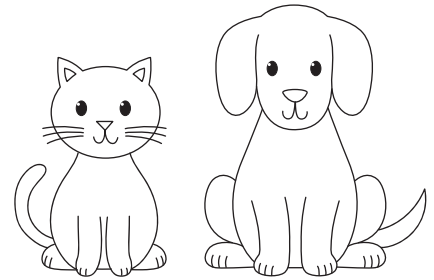

Practise

1 Tick the sentence that matches the picture. Tick **one** in each set.

a. The cat is next to the dog.

The cat is below the dog.

The cat is on top of the dog.

b. The cat is in the cake.

The cat is behind the cake.

The cat is below the cake.

c. The cat is on top of the chair.

The cat is under the chair.

The cat is behind the chair.
